Something Different at Tractor

The long awaited new cellar door and restaurant for Ten Minutes By Tractor is now open at Main Ridge (about two minutes by tractor from the old site!).

The new cellar door offers a comfortable and relaxed environment to taste and learn about their wines, vineyards & winemaking.

The restaurant provides an extra dimension for customers to further extend the tasting experience with a wide range of superb dishes to share, match and enjoy with your favourite wines.

A wide range of premium wine is also available to enjoy in the restaurant and wine bar including over 200 wines with an extensive range of Pinot Noir, Chardonnay, Pinot Gris & a limited number of other cool climate varieties from the Peninsula, Australia and around the world.

This highly innovative list is designed so that you can explore the best wines of the same variety made in different styles from different regions, producers and vineyards from around the world. This provides an opportunity to further taste, learn and enjoy the incredible diversity of styles and quality of varieties made in only a very small number of special climates around the world.

At the new Tractor Wine Bar & Restaurant the menu of entrée sized dishes, is based on the timeless Mediterranean tradition of sharing – whether it's Spanish (tapas), provincial and regional French (hors d'oeuvre / charcuterie), Italian (antipasto), eastern Mediterranean (mezze), or any of the other variations – the theme of friends, freedom to explore diverse flavours, no rules, have a little of everything, involvement and different food with different wine, are the keys to the Ten Minutes By Tractor experience. - Enjoy
